Read:

1. Agenda 1 of the approved minutes of meeting of academic council meeting dated 29.11.2017
2. Table Agenda 2 of the approved minutes of meeting of academic council meeting dated 05.01.2017
3. Circular no. GTU/Academic/2014/RO/05 dated 12.01.2014

The following rules for winning medal(s) will apply to all the medal contenders from 7th convocation onwards.

1. Medal winner will be decided on the bases of maximum external theory marks' percentage (percentage to be counted up to 4 digits after decimal).
2. Medal must be awarded to only that student who is throughout pass that is, he/ she has not obtained any backlog in any of the semester of the course in any of the examination component E or M or I or V.
3. This rules will not apply for B. Arch. and D. Arch. For these courses percentage calculation will be done on the bases of external theory and external practical marks.
4. Total marks is to be calculated from only those semesters which are included in CGPA calculation.
5. If theory marks' percentage for two or more students are tied then to break the tie there will be comparison of CGPA of these students. If CGPA is equal then CPI will be compared and if CPI is compared then overall marks (external theory + practical of all semesters) will be compared.
6. In the medal winner certificate Course Topper/Branch Topper/Conditional Medal will be written instead of CGPA/CPI/Percentage.
7. Two branches in Diploma engineering, namely (i) Diploma in Textile Processing Technology and (ii) Diploma in Textile Manufacturing Technology is of 7 semesters. Hence the medal in these branches of Diploma engineering will be given in the annual convocation and not in the mid-year conferment of diploma/ degree certificate scheduled during the month of July every year. Similar arrangements will be done for all such courses that may come up in future, whose last semester happens to be an odd semester.
8. If the sponsorer of the medal has mentioned to award the medal on the condition of maximum CPI/CGPA then this condition needs to be converted to maximum external theory marks' percentage after consultation with the sponsorer.
